

Raichert TL-2010Q Package

Purchase a Juki TL-2010Q and receive a quilt package that contains 4 unique items to help you enjoy your sewing experience. We have selected items that have been developed by quilters that will make sewing the piecing and easily move your quilt under the machine with ease. Also included is free shipping to any 48 continental states in the USA. (excludes Alaska and Hawaii)

Quilt Halo-This keeps the quilt stretched while stitching and makes it easy to move quickly around your quilt while free hand quilting.

TL-NDL –TL series needle sampler

JTLSG-Adjustable edge guide that mounts to the bed of the machine to help maintain a margin

JTLF2-Custom edge guide foot for sewing a scant ¼” margin. A popular item many quilters prefer over the compensating edge guide foot Juki provides.
